A voice vote was taken; no nays being heard, the agenda was approved unanimously.

**APPROVAL OF MINUTES**: There was a motion by Ms. D'Angelo and a second by Mr. Eickhoff to approve the December 2022 meeting minutes. A voice vote was taken; no nays being heard, the minutes was approved unanimously.

**ACKNOWLEDGEMENT OF VISITORS**: Mr. Piascik greeted and introduced the visitors, Robert Pawlowski, Mary Kate Morookian and Paul Pattison.

Robert Pawlowski acknowledged Coast RTA's accomplishments and stated he hopes these accomplishments/projects advance in the future. He also acknowledge that a major issue is funding sources and he hopes to reach out to SC lawmakers to see if they can increase state funding and stay away from tax funding. Mr. Pawlowski will be providing an update to Brian Piascik in the near future to detail what has been done regarding speaking to lawmakers.

**FINANCE COMMITTEE:** Mr. Silverman summarized the last finance committee meeting, which took place on January 25, 2023 prior to the Board Meeting. The committee reviewed December 2022 financials and spoke about Vanpool. Mr. Silverman asked Dr. Sheehan what, specifically; he would like to see in the minutes regarding the Authority's financial security. Dr. Sheehan would like a financial chart/form or measure that will show the Authority's financial security so that the Board will have a measure of reserves. Mr. Silverman would like to discuss the option of a Vanpool further at the next finance committee meeting.

**SERVICE/PAC COMMITTEE:** Ms. D'Angelo explained that the Service/Pac committee has not meet the last couple of months. There is a Service/Pac committee meeting scheduled for February 15<sup>th</sup>, 2023, which will cover what service changes and staff changes.

#### **COMPENSATION COMMITTEE:** None

**AD HOC COMMITTEES:** Ms. D'Angelo asked if there needed to be any changes to the by-laws. Mr. Piascik stated this would be reviewed spring 2023.

**OLD BUSINESS:** Paul Pattison from Kimley-Horn presented an update on facility development. Mr. Pattinson presented a plan for the vacant lot behind our Conway facility. He noted the parcel works better from a traffic perspective and would provide a public meeting space. Dr. Keene asked what is the long-term vision for this property once we move to the Myrtle Beach facility. Mr. Piascik explained that when that move occurs, the Conway parcel would then work nicely as a park and ride. Additionally, the traffic flow and safety would be improved, as buses would not be stopping on Third Avenue. The cost estimate for Conway parcel is \$3.5 million. The passenger handling would be a part of this parcel plan and it would possibly include a driver's lounge. Mr. Silverman asked what, if anything, is holding us up from finding out the price of that parcel. Mr. Piascik stated we are not held up by finding out the price, we are just feeling things out right now.

Regarding the Myrtle Beach site layout; operations and maintenance will be in same building, passenger facility will be in their own building, and admin will be in their own building. Primary access to the Myrtle Beach site will be from Grissom Parkway, with a secondary access from Osceola Street. Regarding the wetlands, one runs under our operations building which will require a permit but is not a concern.

Kimley-Horn working on a financial plan for this project to see what the funding options are based on the funding thresholds year after year. This person is also making sure that we know what our gaps are, if any, so that we can continue to request funding to keep our current site operating.

#### **NEW BUSINESS:**

a. Mary Kate Morookian from Kimley-Horn presented the upcoming Coast RTA Organizational Plan. She explained this plan will look at our current system and figure out where can we go from here. In doing so; it will highlight any unmet needs. Ms. Morookian explained the Authority would need a dedicated funding source in order to grow a reliable system. Part of this project is educating the community, stakeholders, etc. that they can benefit from public transit. The plan will identify opportunity areas where demand is untapped. First, they will be starting with an indepth look at the system to identify needs and gaps. They are looking at ways to best utilize the funds on existing routes and how to best meet needs. There are several components of the plan. As it relates to fare structure and technology analysis, they will look at fare pricing to determine the best fare to charge passengers. The full transit development plan will highlight new potential services. The transit/human transportation coordination plan is a non-emergency transit plan that may highlight how much senior transportation is needed. The regional transit financial analysis will provide opportunities to help fund cost and help decide what is most probable and realistic.

Ms. Morookian stated this study will take about two years to complete and will start with data collection. They will look at employment density, population density, and demographics, land use, where service is most productive, frequency of services, existing ridership data, speak with operators and have departmental interviews.

b. APTA Legislative Conference – Mr. Piascik plans to attend this conference in March 2023 as it poses a good opportunity to reach FTA and make contacts. Mr. Eickhoff will also attend this conference.

**GENERAL MANAGER'S REPORT:** Mr. Piascik began his report by speaking about the Transit Retreat in Myrtle Beach on February  $2^{nd}$  and  $3^{rd}$ , 2023. He stated that one of the primary vendors who sponsored the event is the conglomerate of Littlepay, Kuba pay, etc. He offered an invitation to any of the Board members who may want to attend. Mr. Piascik stated he would also be speaking with FTA at the retreat. Mr. Piascik attended a Chambers Advocacy Council Meeting with the purpose to meet with the two new representatives from the State house. He discussed why the Grand Strand needs a better transit system and noted that Horry County seniors are growing at a rate of 93% (10% of entire state senior population live in Horry County). Mr. Piascik announced that Annual TASC Conference will be March  $1^{st} - 5^{th}$ , 2023 in Columbia, SC.

Finally, Mr. Piascik providing an update on Bluejeans and roof repairs. He stated the Authority will have Bluejeans for another year and will then be switching to Teams. Bmore is moving slower than we would like but they are thorough and we are overall happy with their services. The Authority is still working on getting roof repairs. Mr. Prater noted the audit is going well and everything is looking good. He stated the auditors were on site for 1.5 days and will finish the remaining parts of the audit remotely.

**EXECUTIVE SESSION:** There was a motion to go into Executive Session by Ms. D'Angelo with a second by Mr. Eickhoff at which time the recording session ended. A motion to come out of Executive Session was made by Mr. Eickhoff with a second by Mr. Wallace. No decisions were made and no votes were taken.

#### WACCAMAW REGIONAL TRANSPORTATION AUTHORITY RESOLUTION NO. FEB2022-07

#### Authorization to Initiate a Regional Vanpool Program

A motion of the Board of Directors for the Waccamaw Regional Transportation Authority to authorize the GM to initiate, on a limited basis, a Regional Vanpool Program. The GM will give the contractor notice to proceed with a not to exceed amount of \$75,000 through the end of fiscal year 2023, with a decision by the Board to extend/discontinue the Program beyond FY23 coming in August at a regularly scheduled Board Meeting.

#### **Background:**

Coast RTA has identified vanpool as a potential solution to increase the level of service to residents trying to access jobs. Vanpool is an employer-based program where groups of employees are assigned a vehicle, designate a driver and share their ride to and from work. The expense for the vehicle including insurance, fuel, maintenance and a guaranteed ride home program are borne by a contractor using revenues from Coast RTA, the employer and those riding the vehicle. The Vanpool Program is completely turnkey. The contractor contacts employers directly, assigns the vehicle and provides monthly reports to Coast RTA on ridership, service issues and other programmatic elements.

It is important to note that the Vanpool Program will grow organically based on need and employers' willingness to support the program. Coast RTA will be funding vanpools at fixed price per month that originate in Horry and Georgetown Counties but may go to employment destinations within or outside the service area. Staff will keep the Board apprised of where successful vanpools are operating as well as information regarding failed vanpools.

#### Motion:

A motion of the Board of Directors for the Waccamaw Regional Transportation Authority to authorize the GM to initiate, on a limited basis, a Regional Vanpool Program. The GM will give the contractor notice to proceed with a not to exceed amount of \$75,000 through the end of fiscal year 2023, with a decision by the Board to extend/discontinue the Program beyond FY23 coming in August at a regularly scheduled Board Meeting.

#### WACCAMAW REGIONAL TRANSPORTATION AUTHORITY DBA THE COAST RTA INCOME STATEMENT NOTES – January 2023

These notes represent Income Statement variances of \$5,000 per MTD and YTD budget line item on pages 2 and 3, in accordance with Section 2.3 of WRTA Month-End Procedures (Rev. 04/01/09).

<u>Salaries & Benefits - Transportation</u> is over budget YTD (\$30.6K) or (2.5%) (page 2) due to holiday pay and 31 days in the month. Overage should normalize in February.

<u>Salaries & Benefits - Maintenance</u> is under budget YTD \$28.8K or 9.3% (page 2) due to open positions in the department. New maintenance support person coming in February. Management still looking for a new mechanic and possibly second inventory clerk.

<u>Overtime - Maintenance</u> is over budget YTD (\$6.6K) or (156.8%) (page 2) because of staffing and the need to cover seven day work schedule.

<u>Vehicle Maintenance</u> is over budget YTD (\$14.1K) or (11.1%) (page 2) due to timing of scarce parts and inflationary impacts. Overage did trend in the positive direction.

<u>Fuel & Oil</u> is over budget YTD (\$16.5K) or (5.2%) (page 2) as usage and prices for fuel are still high. Prices still relatively stable.

<u>Tires</u> is over budget YTD (\$9.7K) or (58.2%) (page 2) due to the timing of expenses and additional vehicles in the fleet. Budget is 52.7% spent, so management will monitor usage.

<u>Telecommunications</u> is over budget YTD (\$9.7K) or (19.3%) (page 2) due to the need to convert GPS units for the Ridetracker App from 3G to 4G (\$17K). Monthly expenses for push-to-talk, Ridetracker APP and onboard internet routers have all increased slightly.

<u>Legal & Professional Services</u> is under budget YTD \$7.6K or 28.5% (page 2) due to the timing of expenses. February will have audit and real estate legal service expenses hit.

<u>Office Supplies/Computer/Security</u> is over budget YTD (\$5.2K) or (11.3%) (page 2) because we budgeted for BMore (IT Contractor) in Legal & Professional Services but determined that their monthly charge should be billed under Computers. Budgets will be adjusted when we do our revision.

<u>Marketing</u> is under budget YTD \$9.2K or 91.8% (page 2) because of timing for expenses. Marketing for upcoming service changes (postponed to April 1), Tap to the Cap Program and Entertainment Shuttle will be incurred soon.

Depreciation is under budget YTD \$9.1K or 2.5% (page 2) due to timing of medium capital improvements.

<u>Operating Grant Revenue</u> is over budget YTD \$256.8K or 12.0% (page 2) due to federal grants are drawn as early as possible and timing of other grants (County ARPA, capital grants supporting ops). Budget is based on 4/12<sup>th</sup> of expected annual budget.

Total Other Revenue is over budget YTD \$22.5K or 108.0% (page 2) due to increased sales for onboard advertising.
